A simple favor trailer subtulado español

The movie was quite enjoyable for the longest time. Well paced, well acted (mostly). Then the conclusion happened. Like seriously what where they thinking. Not only was it bad (I guess that's just an opinion, but still), it was also a lot worse written, paced and acted than the rest of the movie, up to the point where the only explanation is that the producers or SOMEONE wanted the ending changed to... this. The movie would have been a lot better if it just ended half an hour earlier. The ending is one of the worst I have seen in years. The movie was quite enjoyable for the longest time.
